

Registration fees

Enclosed in the Charter Renewal Envelope is a fee calculation worksheet.

It is important that unit processors use this sheet to calculate the fees owed for activation of the charter renewal.

These fees are valid for all units registering for the 2014 Charter year.

RE: BSA Membership Fee Increase Effective December Rechartering																	
Dear Leaders,																	
Please see the attached letter from Chief Scout Executive, Wayne Brock. It offers an explanation for the increase and its timing.																	
It is important to note that 100% of membership fees are passed directly to the national organization. The Patriots' Path Council Executive Board is committed to ensure that Scouting is available to any youth that wants to be part of our program. Our own scholarship resources are limited, so please contact Mark Spaldo, Director of Field Services, if this increase prevents a youth from joining.																	
Please note that the membership fee increase is separate from the insurance fee increase that was previously announced.																	
To recap here are the fees as they relate to December rechartering:
