The purpose of the Introduction to Leadership Skills for Crews is to teach crew members with leadership positions about their new roles and how to most effectively reach success in that role. It is intended to help Venturers in leadership positions within their crew understand their responsibilities and to equip them with organizational and leadership skills to fulfill those responsibilities. Introduction to Leadership Skills for Crews is the first course in the series of leadership training offered to Venturers.

Completion of Introduction to Leadership Skills for Crews is a prerequisite for Venturers to participate in the more advanced leadership courses National Youth Leadership Training (NYLT) and the National Advanced Youth Leadership Experience (NAYLE). It is also required for Kodiak.
