LAW AND GOVERNMENT CAREERS EXPLORING

EXPLORER POST 629
LINDEN, NEW JERSEY

"Our Best Today for a Better Tomorrow"

Law Explorer Post 629 was formed for the benefit of young men and women, between the ages of 14 through 20, residents of Union County, who are interested in learning about legal careers or about the interplay of the law on our daily lives. We are now currently forming a Junior Law Explorer Post 926 for youth ages 10 through 13 with a shared focus.

"Exploring" is a career exploration program which provides an ideal link between the academic environment and the real world. The program offers Leadership Opportunities, Citizenship & Character Education and the development of positive Life Skills. All of the youth Explorers have leadership roles and are expected to carry out their duties. Among its activities, Law Explorer Post 629 has participated in a Naturalization Ceremony at USCIS, a mock trial at the NJ Appellate Court, has attended council meetings, municipal court and criminal court proceedings and works on projects. They also participate in outdoor programs such as camping, canoeing, etc., which fosters an attitude of teamwork and builds character. Every year they must come up with a multi-faceted community service project. In 2013, they explored School Safety and Gun Control. In 2014 they created an anti-bullying project for which they are working towards attracting nationwide support.

Explorer Post 629, chartered by The Law Offices of Lucia E. Perpina, Esq., LLC, meets every Friday enabling the Explorers to learn about various fields within the Practice of Law. The Post meets at 629 North Wood Avenue, Suite 5, Linden, New Jersey.

We encourage you to come explore with us and take advantage of the opportunity to participate in hands on experiences that are practical, relevant and meaningful. Let's all give "our best today for a better tomorrow!!!!"

For more information, please contact Lucia E. Perpina, Esq., at (908)718-5877 or lawpost629@gmail.com.
